Re: Manufacturers Certified Labeling Plan

Dear Mr. Sabo:

This is to acknowledge receipt of your signed "*Certified Labeling Plan*" in accordance with Vermont's mercury-added product labeling law.

We have reviewed the product and label information supplied in your plan and find it to comply with the labeling requirements specified in the law. *Note: Any new products or labeling changes after the certified labeling plan is on file with the Agency must be submitted in an update to the certified plan.*

This alternative is approved for use until March 1, 2005. Requests for approval of a two year renewal or renewal with modification must be received by September 1, 2004, six months prior to the expiration date of the alternative.

We thank you and appreciate your efforts. Should you have any questions or concerns, please do not hesitate to contact this office.

Sincerely,

A handwritten signature in blue ink that reads "Karen Busshart".

Karen Busshart
Mercury Project Coordinator
